This is necessary and entitles Licensor to maintain the administrative and legislative rights to the Instrumental. What Content ID does is scan youtube videos for audio material produced by Christoph Schreiner (InsaneBeatz) and automatically sends a copyright claim, which blocks videos from monetization temporarily. The video will keep playing without any other limitations. To remove such a claim, all licensees must open a Content ID dispute including the order number, PayPal transaction ID, Stripe transaction ID or the email address used for purchase. It is recommended to dispute within the first 5 days of receiving the claim. Official Google article: <https://support.google.com/youtube/answer/7000961?hl=en>
